As editors, we have worked many long happy hours to produce this 1957 yearbook. The efforts seem little in contrast to the many years of happiness they will provide. We are proud to invite you to go

The Finale

It seems, almost ages and ages ago,
Since the day we first entered this door.
We were wondering them,
As we're wondering now;
What are we searching for?

And now, all too soon, the door opens again,
Bidding us all to pass through.
And we're pondering now,
As we pondered before;
Where are we bound - me and you?

The signs point in every direction, it seems,
The right one, too hazy to read.
But, the treasures we've earned,
And the lessons we've learned;
Will help us decide which to heed.

But this isn't just graduation, for us,
Nor only a farewell refrain.
It's a day we'll recall
As the dearest of all
In our album, - on memory lane.

Red Devil Gridders Lose

The Red Devils of the Griddens football team lost their first game today to the Panthers, 14-13.

The game was played at the Griddens stadium. The Red Devils scored first in the second quarter with a touchdown pass from the quarterback to the wide receiver. The Panthers responded in the third quarter with a field goal. In the fourth quarter, the Red Devils scored again with a rushing touchdown. However, the Panthers won the game with a last-minute field goal.

You're saying goodbye to your high school days—but you're saying hello to new, exciting days ahead. Congratulations and welcome to the future!

In this future, Inland Steel's opportunities are yours . . . opportunities open to high school grads.

If you have some mechanical training or aptitude, there are careers open in many fields: as machinists, welders, electricians, patternmakers, pipefitters, boilermakers. There are careers to follow in metallurgy and chemistry. And there are opportunities in the office and clerical fields. The job of production—making the steel needed to keep America strong—offers a challenge to alert, young men.

You can have a "get-ahead" future through Inland's training opportunities. You can get apprentice or on-the-job training to become more skilled in your trade. You also can get college training

and a college certificate through the Purdue-Inland Training Program, a program where Inland sponsors you through this course at Purdue Extension.

Inland has been in the busy Calumet Region for more than a half-century. We'll be here in the future, too, because we're a basic industry, making a product used by everyone, including the housewife opening a can of peas and the G.I. firing an artillery shell.

Inland Steel Company serves the nation—and it can serve you, too, in the exciting days ahead.
